ALEC (CONT'D)

Today we've got racists, rapists, and pricks: the ol' fighting greeks against decency. Let's take a look at the recent headlines and see who comes out on top.

(beat)

First up, SAE. Sigma Alpha Epsilon. Or as the ladies call it: Sexual Assault Expected.

(beat)

The Oklahoma chapter recently closed after video surfaced of frat members performing a racist chant.

 But, don't go changing those
 brackets just yet folks. Racists,
 Rapists and Pricks aren't the kind
 to take this lying down.

As Alec reads, the headlines scroll past like a stock ticker.

 You may remember them from their

 Or more recently, for driving
 through an active police

 With us now is the man that was
 behind the wheel. Agent Brent
 Fontaine.

INT. GREEN SCREEN

Lower Third: Secret Service Bro, BRENT FONTAINE.

ALEC

Brent, thanks for coming on the show!

BRENT

Just kicking it at the White Hizzy, doing my duty.

Brent will be noticeably loose.

ALEC

Brent, the media is in a tizzy over your latest gaffe as a member of the secret service. We have video of the incident here, could you please walk us through what was going through your head.

BRENT

10-4

VIDEO: SECRET SERVICE CAR SHIT

BRENT (V.O.)

Around this specific moment I was settling the tab at the Pennsylvania Avenue Applebees.

(beat)

Had myself a a number of Mai Tais with my big, Glen.

(beat)

Then we got back to the Whitey Hizz for our shift, and these assholes put a blockade in the driveway.

ALEC (V.O.)

Were you aware there was an active bomb scene investigation going on?

BRENT

I WAS aware of the would-be bomb scene in my pants. The Grilled Chicken Wonton Tacos were ready to evacuate and weren't gonna wait for some cops to move their toys!

Brent high fives over his head to an arm off-screen.

ALEC

Who did you just high five?

BRENT

Oh. My big. Glen "the turtle dove"
Chavitz.

GLEN enters wearing a suit poorly. Shirt untucked, tie around head. Collar messed. He looks like he's the last man at a raging party. He's holding a drink.

GLEN

Who dat calling my name?!

ALEC

Mr. Chavitz?

GLEN

Call me turtle dove! Everybody
does!

BRENT

Woo! T-Dove!

ALEC

Ok, Mr. Chavitz. What were you
thinking when Agent Fontaine plowed
through a police barrier.

GLEN

Alec, to be honest, everyone in the
car was more concerned with them
wonton tacos plowing through **Agent
Fontaine's** barrier.

(beat)

Have you ever been sitting in a
Crown Vic when someone's actively
shitting their pants?

ALEC

No, thank god!

(beat)

While I've got you, we've heard
rumors the Secret Service is
building a replica White House for
training purposes.

GLEN

Oh, you mean Project Party Town?!
Hell yeah!

Over the head high five.

BRENT

Gotta train that alcohol tolerance!

GLEN

Well I, personally, need to brush up on my cornhole game.

Alec is enraged.

ALEC

You're supposed to be protecting the leader of the free world, and you're just doing cocaine off of hooker's asses and drinking yourselves stupid. You're making a mockery of yourself and the US around the world!

(beat)

The internet is here, and you're on the ass end of it!

Brent chimes up.

BRENT

I'll have you know that we are hard at work bringing the Secret Service into the 21st century.

ALEC

Oh? How's that?

BRENT

First, the name. Secret Service is **so** last gen. We're abbreviating like all the trendy startups.

Glen nods along in agreement.

GLEN

Word. Starting May 2015 we're calling ourselves the SS!

Over-the-head high five.

BRENT

Remix!

Glen and Brent start pumping the air to a THUMPING BEAT.

Alec stares quizzically. Then looks to the scoreboard.

DING!
