

INT. IN FRONT OF FIREPLACE - DUSK

Joni looks pensive into the camera.

JONI

Good Evening, I'm Joni Ernst.

(beat)

As a mother, a soldier, and as
Mitch McConnell said to me earlier
today "The hot new piece of
Republican ass" I am proud to speak
with you tonight.

(beat)

A few moments ago, we heard the
president lay out his vision for
the future.

Joni grimaces.

JONI (CONT'D)

Now, even if we may not always
agree, we can on one thing and that
is: Obama's a dummy.

Joni laughs to herself.

JONI (CONT'D)

(sotto)

Ernst slam!

She quickly regains her stately composure.

JONI (CONT'D)

But I digress.

(beat)

The new Republican congress knows
that you, the voters have given us
a mandate.

(beat)

You wanted an overwhelmingly white,
male constituency that preferred
not to pay me an equal wage.

(beat)

And we have heard your message.

(beat)

You explicitly said Orrin Hatch's
livelihood is worth more than my
own.

(beat)

You cried out:

Joni cups her hands around her mouth.

JONI (CONT'D)
 (fake yelling)
 "John Boehner needs nearly 25% more
 than Joni Ernst because of his
 booze and fake tanning addiction!"

Joni drops her hands in defeat. Laughing a little as they
 come to a rest.

JONI (CONT'D)
 And we heard you loud and clear.

CUT TO:

INT. THE NOHO RAG STUDIOS

Alec and Chip sit at the desk. Chip sits with a puzzled look.
 Alec shakes his head towards the camera in disappointment.

ALEC
 It's 2015 for crying out loud! How
 can opposition to equal pay even be
 televised! She's a puppet! Joni,
 you're a fucking puppet!

Alec turns to Chip.

CHIP
 That man had a funny voice!

ALEC
 (grumbles)
 You've got a funny voice, and
 bricks for brains.

CHIP
 He was dressed well, though.

Alec wipes his face.

ALEC
 That was a woman, Chip.

CHIP
 A woman? What is this a USO show?

Alec turns to the camera and waves.

ALEC
 Goodnight everyone!
